TRANSCRIPT INFORMATION

COURSE CREDIT HOURS

FAU began offering courses in Fall 1964 with credit based on the Trimester System. Beginning with Fall 1967, when the State University System of Florida utilized the Quarter System, FAU offered courses in quarter credits. The Quarter System was in place until Summer 1981. Transcripts printed during this period were in quarter credits using this formula: quarter credit = 3/2 trimester/semester credit (for example, 90 quarter credits = 60 trimester/semester credits).

Since Fall 1981, credit hours are based on the Semester System. All transcripts are printed in semester hours using this formula: semester credit = 2/3 quarter credit (for example, 60 semester credits = 90 quarter credits).

GRADING SYSTEM

Effective Fall 1991, the University adopted a plus (+) only grading system. In Fall 1997, the University adopted a plus (+) minus (-) grading system.

GRADE POINT AVERAGE

The following grades are not used in computing the grade point average: AU, CR, I, NC, NR, P, S, U, W, WM. The undergraduate grade point average (GPA) is computed by dividing the sum of all grade points earned at FAU by the total number of credits earned at FAU in all courses for which grades of A through F have been received. The graduate GPA is computed for all coursework taken after formal admission to a graduate program at FAU. This is accomplished by dividing the sum of the grade points earned by the total number of credits for which grades of A through F have been earned.

FORGIVENESS POLICY Undergraduate students are permitted to improve their FAU GPA by repeating FAU courses and having only the last earned grade count. From Fall 1985 until Summer 2014, the Forgiveness Policy could be applied twice. Effective Fall 2014, this policy may be applied three times.

ACADEMIC STATUS Unless indicated, the student is in good standing and is eligible to re-enroll at this University, including any notation of academic recovery.

TRANSFER RECORD

Courses from other institutions listed on an FAU transcript do not necessarily apply toward a degree at FAU. Information regarding credits accepted toward a degree at FAU may be obtained from the dean of the major college.

COURSEWORK TAKEN AT A FLORIDA STATE COLLEGE INSTITUTION

Students taking coursework at a Florida State College Institution below the 1000 level (remedial) cannot have that coursework count toward obtaining a degree at FAU if that coursework is transferred to FAU.

COURSE NUMBERS

Prior to Fall 1978, FAU used its own department prefix/number system. Effective Fall 1978, FAU uses the Florida Statewide Course Numbering System. Courses beginning with the numbers 1 or 2 are lower level; courses beginning with the numbers 3 or 4 are upper level; courses beginning with the numbers 5 and higher are graduate level.
